

AUTHORIZED TREATING PHYSICIAN NOTIFICATION

If you are filing a work-related injury claim with CSU and want it to be considered for coverage under the Workers' Compensation Program, it is required that you seek medical care from one of CSU's Authorized Treating Physicians (ATPs). After each appointment, provide a copy of your medical status report to your supervisor.

Please Note: If you seek initial treatment from the Emergency Room, Urgent Care or other provider, you need to provide them with your claim billing information; otherwise, you will be billed. The payment of bills outside of an authorized provider will be dependent on your claim being compensable. One of the medical providers designated above must provide all follow-up care. If follow-up care is with an *unauthorized* medical provider, the employee will be responsible for payment for said treatment(s) and related cost.
